

Sky High Plc (“Sky High” or the “Company”)

Major contract win

Sky High Plc (AIM:SKHG), the data collection and analysis group are pleased to announce that it has been awarded a significant contract through its Sky High Traffic Surveys division.

The contract has been awarded by the Department for Transport and is to provide traffic count data as part of the Departments National Road Traffic Census Contract.

Sky High has been awarded the contract to provide this data for a number of geographic areas after undergoing a formal tender process. The annual revenue of the contract will be circa £900,000.

The contract is for an initial period of two years with the potential for extension for a third year.

Mark Mattison, Sky Highs Chief Executive said “This is an important contract win for Sky High and demonstrates our continued development as a quality provider of data collection services for the UK traffic market. We look forward to working with the DfT on this contract and developing a long term relationship”
